

# Indiana Intelligence Fusion Center's INGangNetwork *Presents*

## The IIFC INGangNetwork FBI JTTF Conference October 13, 2011 Indianapolis, Indiana

### About the Conference

This no cost event is open to all law enforcement officers and criminal justice personnel.

Come learn how correctional intelligence is used in proactive policing and how it can help solve crimes in your area. You'll also learn about Indiana's criminal gang statutes, growing security threat groups and how the FBI's Cryptanalysis and Racketeering Records Unit (CRRU) can help law enforcement investigations and prosecution simply by examining encrypted gang documents and evidence.

The goal this year is to share criminal gang and threat group information with all law enforcement and criminal justice agencies who assist in the fight against gang related crimes.
